

# Advanced in vitro exposure systems

VITROCELL® Cart Systems

Exposure Systems

Dose Supply

Dilution

Racks & Carts

Dose Monitoring

Skin Exposure

Auxiliary Equipment

## VITROCELL® Cart Systems

For user-friendly and easy transport of all components of the *in vitro* exposure system

Designed specifically for user-friendly and easy handling.

All components such as modules, dilution and distributions systems and flow calibration valves have their dedicated space on VITROCELL® Racks mounted on this cart. An integrated PC and monitor option is also available.

### Small Cart

Dimensions:  
1.200 x 800 x 840 mm

### Large Cart

Dimensions:  
1.500 x 800 x 840 mm

## About VITROCELL®

VITROCELL® exclusively concentrates on the developing, producing, installing, training and servicing of advanced *in vitro* exposure systems.

The VITROCELL® Systems' team is driven by their vision for new in-vitro standards through state-of-the-art technology, highly qualified workmanship and absolute client dedication. VITROCELL® has successfully collaborated with clients from leading research institutes, contract research organizations, regulatory authorities or industrial laboratories across the world. Working with our team experts, all modules have been tailored to create durable and complete turnkey-systems for *in vitro* inhalation toxicology. Gases, environmental atmospheres, nano particles and complex mixtures are analyzed on lung cells at the air/liquid interface using these systems. VITROCELL® technologies are also applicable to solutions for skin research.

Over a decade of devotion to research in this specific field has given our team of design & precision manufacturing specialists the opportunity to mentor highly diversified and complex projects **from conception to completion**. We strive to become a constructive member of each research team, providing support when it is needed, advice when it is required and modules of the highest quality, which are even polished by hand before leaving here to be integrated into your workspace. Every piece of our German engineered equipment is manufactured to the highest of standards – yours.
